## **BEAUTIFUL INDIVIDUALS PERFECT PEDIGREES . . .**

**that's the story in a nutshell of the  
ROBERT REESE & SONS'  
COMPLETE DISPERSAL**

**at Strowan Farm, Fredericktown, Ohio**

**Saturday, November 8, 1958**

Hal Longley, Sale Mgr., 16 So. Locust St., Aurora, Ill.

## **General Information**

**TIME**—12:00 o'clock noon, Eastern Standard Time on Saturday, Nov. 8, 1958.

**LOCATION**—Strowan Farms, where the sale will be held, is located 3 miles Southwest of Fredericktown, Ohio. Fredericktown is on State Road 13 between Mt. Vernon and Mansfield, Ohio, and on Route 95 from Mt. Gilead to Wooster, Ohio. To reach the farm from Fredericktown go  $2\frac{1}{2}$  miles Southwest on the Old Columbus Road, then  $\frac{1}{2}$  mile West. Strowan Farm is approximately 23 miles South of Mansfield and 50 miles Northeast of Columbus, Ohio.

**HEADQUARTERS**—Although there are good hotels and tourist cabins in the smaller towns near us, visitors from a distance may wish to stop at the Leland Hotel in Mansfield and we recommend it highly. We also recommend the Brookside Motel at Mt. Vernon, Ohio. If you will advise us, we will be glad to arrange reservations for you. Please state the number in your party and the kind of accommodations desired.

**LUNCH**—A lunch will be served at the farm at 11:00 A.M. by the ladies of a local organization. Come early and inspect the cattle before the sale.

**BIDS**—Those wishing to buy at this sale who find it impossible to attend in person may send buying orders to any of the following: Hal Longley, the Sale Manager, 16 S. Locust St., Aurora, Illinois; H. W. Walker, Eastern representative of The Shorthorn World, 3906 E. 71st Street, Indianapolis 20, Indiana; Ed Huff, Eastern representative of the American Shorthorn Association, Culpepper, Virginia; Ray Roth, fieldman for the Breeder-Journal, 622 Elm Street, Van Wert, Ohio; or to the auctioneers.

**AUCTIONEERS**—C. D. Swaffar and Don Beal.

**PEDIGREES**—A certificate of registry will be furnished with each animal sold and the certificate will be transferred to the buyer without cost to him. Applications for registry properly signed, will be furnished for each unborn calf sold in dam.

**TRANSPORTATION**—We invite you to come a day early for a leisurely inspection of the herd. Those traveling by train or plane may come to Mansfield where we will be glad to meet them if advance notice is given. Mansfield is on the main lines of the Pennsylvania, Erie and B & O railroads. It is also on main air and bus routes. Consult your travel agent.

Farm telephone—Fredericktown, MY 46309.

**PLEASE BRING THIS CATALOG WITH YOU TO THE SALE**

Cows in pasture at Strowan Farm. All of them are included in this complete dispersion.

**RINGWELL MORNING STAR**

19 cows with calves at foot

18 cows soon to calve

23 bred and open heifers

**Nothing reserved. Every member of one of Ohio's strongest herds will sell.**

**Please note**—we have practiced calfhood vaccination regularly at Strowan Farms and have followed the practice of buying only vaccinated cattle for replacements. Although a few of the vaccination certificates on older cows have been lost or mislaid, you may take it for granted that nearly every female in this sale has received calfhood vaccination whether so stated in the footnote or not.

# Terms . . . Conditions . . . Guarantee

**TERMS**—The terms of this sale are cash. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge but at purchaser's risk of loss or injury.

**HEALTH**—The Strowan Herd is located in an Accredited Area for Tuberculosis. All animals in the sale will be tested for Tuberculosis within 30 days of the date of the sale and health certificates will show them to be clean of this disease. Calfhood vaccination for Bang's Disease has been practiced regularly in the Strowan Herd and we have been careful to buy for foundation purposes only those females that have been officially calfhood vaccinated. However, since the different states vary considerably in their Bang's entry requirements, all animals over 18 months of age will be tested for Bang's within 30 days of the date of the sale and the results of these tests will be announced from the auction block. Since nearly all states recognize calfhood vaccination for Bang's, those animals that are younger than 18 months will be sold on the strength of their vaccinations.

**PEDIGREES**—A certificate of registry and transfer will be furnished for each animal sold and properly signed applications will be furnished for the registry of all unborn calves.

**PLEASE NOTE**—The Strowan Herd is backed by an enviable reputation gained through good management and honest business practices. We have utmost faith in our cattle and, despite the fact that this is a complete dispersal, we are perfectly willing to sell them with breeding guarantees. Five or six females in the herd have been slow and are not safely in calf at the time of catalog printing. The names of these females will be announced on sale day and these will be sold as they are and with no guarantee. All other animals in the sale will be sold under the following guarantee:

## **GUARANTEE COVERING BULLS—**

All bulls in this sale are guaranteed to be breeders if not allowed to run with the herd and if maintained in as good condition as when purchased. In case a bull fails to meet the guarantee, notice must be given within six months of the date of the sale. The purchase price, without interest, will be refunded in case bulls fail to meet the guarantee and the disposal of the animal will be at the option of the seller.

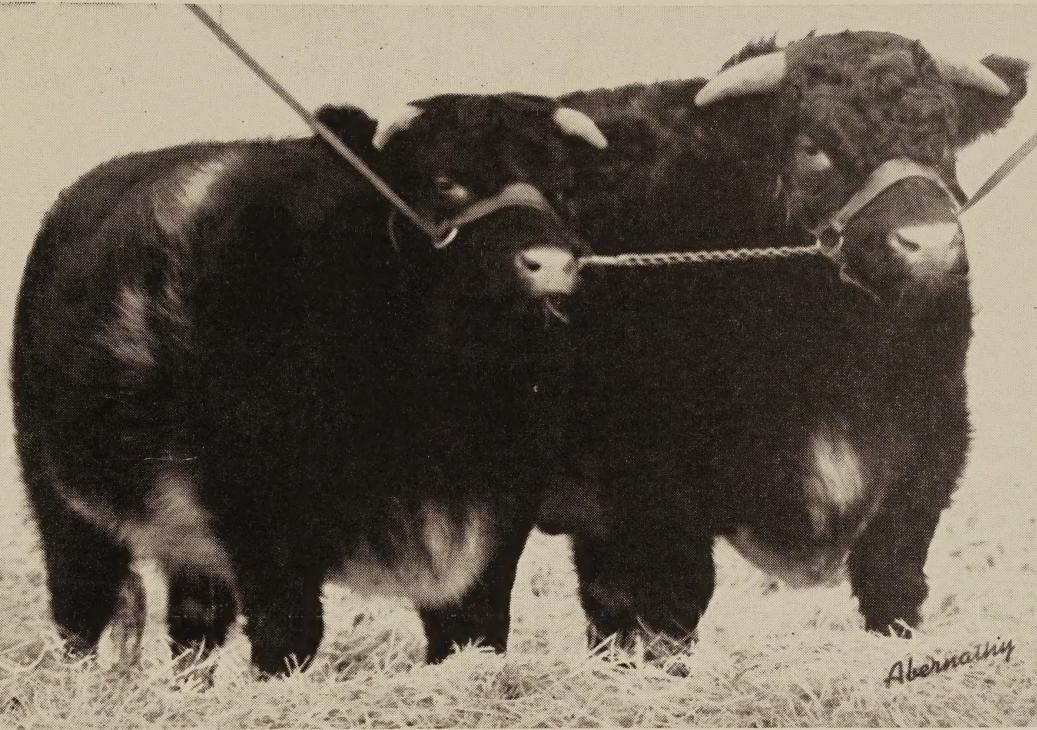

## **GUARANTEE COVERING FEMALES—**

Cows with calves at foot are considered breeders and no further guarantee is given. Females that have passed two heat periods will be guaranteed in calf to the service named. In case such service is broken, a cash refund of 25 per cent of the purchase price will be made. Any female not in calf to the service named must be reported within sixty days of the date of the sale. Females with service dates of less than two heat periods are believed to be in calf but are not so guaranteed and no refund will be given in case of broken service. Any change in breeding date from that reported in the catalog will be announced from the auctioneer's box. All females over 16 months of age will be guaranteed to be breeders. In case a female proves a non-breeder, the purchase price, without interest, will be refunded and the disposal of the animal will be at the option of the seller. Notice of females being non-breeders must be reported within six months of the date of the sale. Any cattle in this sale that are fitted for exhibition purposes by their new owners are excluded from the above guarantee.

Announcements from the auction box will take precedence over printed matter in the catalog.

The above terms and guarantee constitute a contract between Robert Reese & Sons, the sellers, and the buyer of each lot. Neither the sale manager nor the person delegated as clerk assumes any liability, legal or otherwise.

All persons who attend this sale do so at their own risk. Neither the owners, nor the sale manager, nor the clerks or auctioneers assume any liability, legal or otherwise, for any accidents that may occur.

The Strowan kind. Shown above are Strowan Sovereign Lady 2nd and Strowan Sundial. Together they won fourth prize in the class for pair of yearlings at the 1951 International Livestock Show. The bull sold at \$4,000 to Carl M. Johnson, DeKalb, Illinois, after winning third prize in the open summer yearling class. The heifer sold at \$1,050 to Carson Gibson, Houston, Texas, after standing high in the junior yearling class.

At the time this catalog goes to press we are undergoing two complete herd tests for Bang's Disease. These tests are being made at thirty day intervals in order to comply with rulings in some states. We expect these complete herd tests to be clean and that the cattle will meet the health requirements of all states and Canada. No effort or expense has been spared to guard the health of this herd. Those who inspect the Strowan Herd will conclude that the cattle are reliable and hard workers. That's why we are perfectly willing to sell them with strong guarantees.

Here are a few more of the females included in this complete dispersion.

Any person who visits Strowan Farm today will be delightfully surprised with the great herd that is maintained there under the ownership of Robert Reese and his sons. Few herds contain more of the kind of cows and heifers that have made the breed famous . . . the kind with character, size and bone without any tendency toward coarseness. Nowhere will you find greater evidence of dependability; few herds can boast of richer bloodlines; and you will look long to find a better mature individual and sire than **Ringwell Morning Star**, the champion son of the International grand champion Ringwell Lodestar that heads this herd. When Dwight Griffith dispersed his herd to assume the position of manager of Acadia Farms, Bob Reese took over at Strowan Farms and immediately established a new herd. His foundation purchases were excellent, his management practices have been equally excellent. **This is one of the truly great herds of the breed today.**

A change in the farming program brings about the necessity for a complete dispersion. Those who study this catalog cannot fail to be impressed with the unusual buying opportunities. The pedigrees are very strong and the pictures are indicative of the fact that these cattle are of the right type and of high quality. The two sires used by Reese & Sons during their term as custodians of the herd, Cruggleton Nyren, a grandson of Cruggleton Willingdon, and Ringwell Morning Star by the International grand champion Ringwell Lodestar, have both proved exceptional sires. The latter will sell, along with many calves, and fortunate indeed will be the man who obtains him.

We are sorry to lose from the industry men of the calibre of Bob Reese. He is an accomplished manager and has faith enough in his cattle to disperse them with strong guarantees. The terms of this guarantee are printed on page 4 of this catalog. This will be a good place to buy . . . and a safe place to buy.

**Hal Longley** of The Shorthorn World.

Three beauties produced at Strowan Farms. These were sold in one of our previous sales. Many like them are included in this complete dispersion.

## A Message From the Owner

Having been associated with Shorthorns during most of my life, it was not easy to reach the decision to disperse. Conditions make such a move necessary, however, and I am proud to present these cattle as the result of many years effort on the part of myself and my family. One does not easily forget Shorthorns. My faith in them will never change and my love and admiration for the people who produce them will never cease.

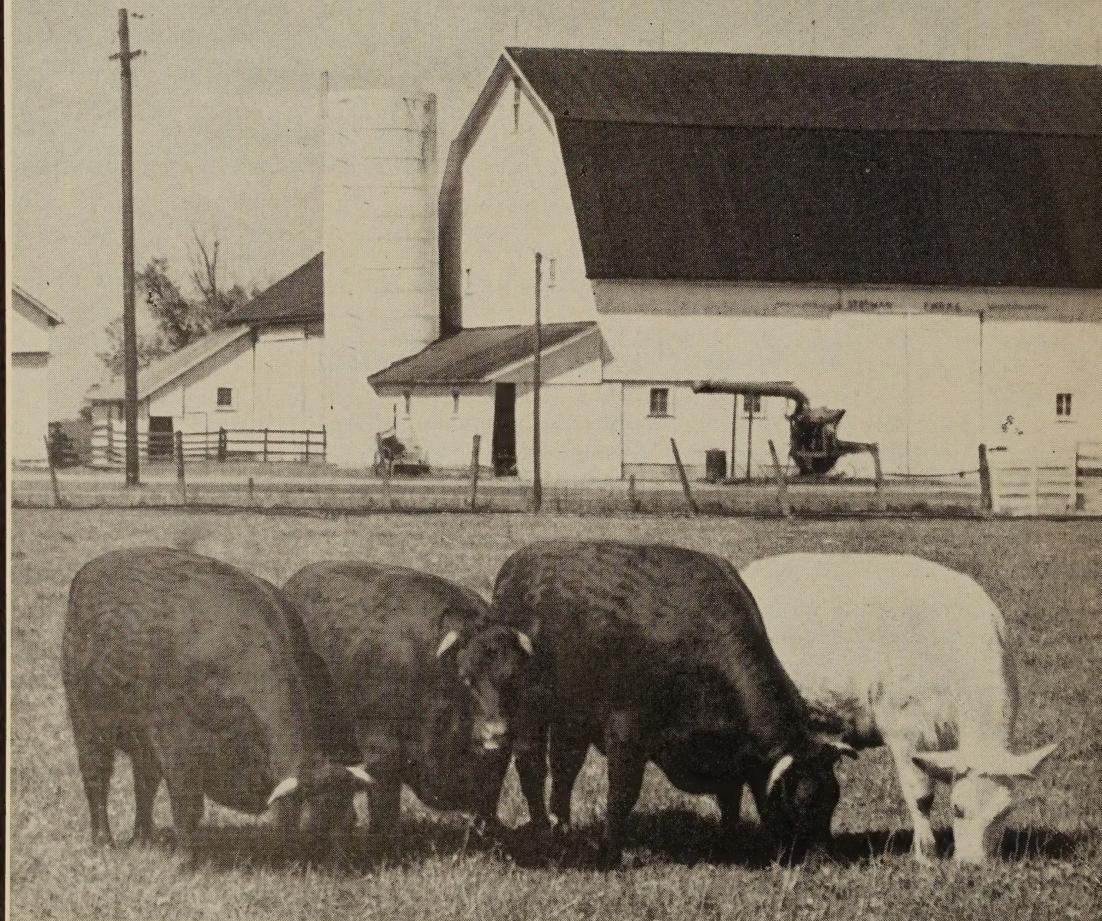

I learned early from experience and observation that the best cattle are produced from the strongest bloodlines and that the feed consumption and labor costs were no greater on Shorthorns of the well bred kind. Accordingly, I have confined my efforts to cattle with strong pedigrees as a study of this catalog will indicate.

As in any large herd, there are two or three females that have been slow to settle. These will be named on sale day and any other known faults will be announced. The herd is exceptionally prolific, the cattle are healthy, and I do not hesitate for a moment in backing them up with guarantees. We will have all mature females examined for pregnancy a few days prior to the sale and the results will be made public on sale day.

That every animal in the Strowan Herd may prove profitable to the new owner and an improver for the breed is my greatest wish. I shall hope to see you on sale day.

ROBERT REESE,

Fredericktown, Ohio.

CRUGGLETON NYREN is no longer alive but his influence on the breed and on this sale offering is so great that we print his picture and pedigree herewith. Perhaps we may be prejudiced but we do not believe a better bred bull or a better sire has ever been imported from Scotland. Although Reford Gardhouse used him liberally before we bought him, his entire lifetime during serviceable years was spent at Strowan Farms.

(Left)—A recent picture of Ringwell Lodestar by Beaufort Bulldozer. He was junior and grand champion bull at the 1954 International. Bred and exhibited by Ringwell Farms, he made a great record as a sire in this herd. Recently purchased by the University of Kentucky at \$10,000. He is the sire of our great herd bull Ringwell Morning Star that sells as Lot 1 in this dispersion.

Ringwell Orange Talisman, grand champion female at the 1953 International. She is out of the great cow Beaufort Orange Talisman, she the dam of Ringwell Lodestar, sire of our herd bull, Ringwell Morning Star.

Ringwell Morning Star. Photo taken at time of his purchase in December, 1956, when he was named grand champion of the International Congress Sale. He is a son of the 1954 International grand champion, Ringwell Lodestar. Now approaching 3 years old, he is an outstanding individual with calves and yearlings that prove him to be one of the top sires of the day. He will sell in this dispersion.

**RINGWELL MORNING STAR**—Hundreds of breeders annually ask "Where can I find a proven sire that is a top individual, yet still young enough to have long years of service left in him?" Here is your answer! Good enough to win grand championship at the 1956 International-Congress Show and Sale as an eleven-month-old calf, he now displays show ring form as a two-year-old. Best of all, his calves, both male and female, are excellent. He is a son of an International grand champion bull and his sire had a sister that was an International grand champion female. His grandsire, Beaufort Bulldozer, is one of the most widely known sires in the world today. See Ringwell Morning Star. See his calves! You will be convinced. He is a truly great individual and a truly great sire.

Lying on the ground is the famous Beaufort Bulldozer. In the far background is his maternal sister, Beaufort Orange Talisman, in the center is Ringwell Orange Talisman, her daughter, sired by Edellyn Royal Leader 114th. This sensational heifer was female grand champion and supreme champion Shorthorn at the 1953 International. That same year Beaufort Bulldozer was mated to Beaufort Orange Talisman and the resulting calf, Ringwell Lodestar, sire of Ringwell Morning Star, was made grand champion bull at the 1954 International as a junior calf.

### About the Females in This Sale

The quality is high . . . the pedigrees are strong. 19 cows sell with lusty calves at foot and many are rebred. Most of the calves are by RINGWELL MORNING STAR, a Congress champion himself and a son of an International grand champion.

18 more great cows and heifers will calve in the Spring and Summer. Those who buy females in this dispersion will receive quick dividends.

23 open and bred heifers are to be sold. This group contains a grand lot of show prospects.

**SALTOUN QUEEN MARIE 6th**—This family of Rothes Queens has much to recommend it. It is the family that produced the top female in the 1954 Aberfeldy sale at \$4,200, the top female of the 1957 Levdale sale at \$3,000, and the top female of the Martin Katter dispersal at \$2,525. All three of the foregoing females went into the strong herd of John Alexander & Sons at Aurora, Illinois. This daughter of the world famous Calrossie Good News has produced two excellent heifers for us, the first going to Dr. House at Washington C.H., Ohio. She sells in this sale with an excellent white bull calf that we think shows promise of being a real stock bull. The calf is by Ringwell Morning Star and the cow is rebred to him.

Ringwell Orange Garland 2nd. She will sell as Lot 10 in this sale. Again, note the outstanding bull calf that sells at foot.

**RINGWELL ORANGE GARLAND 2nd**—A wonderful cow, rugged, low set and with a breedly head. Her sire, Ringwell Sir Talisman, is out of the celebrated cow Beaufort Orange Talisman, which makes him a maternal brother to the International grand champion bull Ringwell Lodestar. We have here a pedigree packed with the names of the most famous sires of the breed and a cow that is line bred in the blood of Kirkton Baronet. She sells with a very good red bull calf born May 3, 1958, and sired by Ringwell Morning Star. She is rebred to the same bull.

Acadia Modern Mercury, a great bull owned by Griffith Williams, Fredericktown, Ohio. He is a half brother, out of the same dam as Strowan Augusta R, Lot 11 in this sale.

**CAMSON ORANGE LADY**—An excellent cow selling with an excellent calf, as you can see from the picture. Few daughters of Calrossie Cock Robin are ever exposed for sale and this one is out of a great imported cow sired by Cruggleton Account. Her previous calf was the red steer that won grand championship over all breeds at our county steer show at Mt. Vernon with 79 head in the contest. He weighed 990 pounds and brought 68 cents per pound. Camson Orange Lady sells with a flashy dark roan heifer calf at foot, born May 3, 1958 and sired by Ringwell Morning Star. We believe this calf has considerable show ring promise. The cow is rebred to Ringwell Morning Star.

Kirkton Baronet, one of the greatest Shorthorn sires of all time. Much of his blood is included in this sale. Lot 13 is by his son, Calrossie Custodian.

STAMP'S CLIPPER 2nd—A good headed, nicely shaped cow and a member of a great family. She is the dam of Lots 28 and 29 in this sale. When you see her daughter you will agree that she is one of the top producing cows of the herd. Her granddaughter was the top female of our 1957 sale at \$700, going to Ralph Carmack, Uhrichsville, Ohio. Her 1958 heifer is one of the sweetest in the sale and her other daughter is a 6-year-old cow that is one of the thickest, shortest legged and best headed cows in the herd. She was bred February 19, 1958, to Ringwell Morning Star.

The dam of this cow is a full sister to Marelbar Clipper Rita that produced a \$3,000 heifer going to Susanna Farm and also a \$2,500 heifer going to Scotsdale Farm. We are proud of this family. Three of her daughters sell as Lots 32, 33 and 34. She sells in this sale with a very promising bull calf at foot born May 1, 1958, and sired by Cruggleton Nyren. She is rebred to Ringwell Morning Star.

(Right) Cruggleton Acheson, the sire of Strowan Perfect, a bull that was used successfully at Strowan Farms before being sold to the Eagle Farms, Dothan, Alabama.

(Left) Heré is Cruggleton Account, supreme champion at the 1949 Perth Show. He was bred by A. J. Marshall and sold for approximately \$30,000 to the Boots Pure Drug Company for use in the famous Westdrums Herd. He is a full brother to Cruggleton Acheson, the sire of Strowan Perfect.

IRVINE HILL JILT 5th—A very thick, well balanced cow that certainly does not look her age. We purchased her in the dispersal of the Irvine Hill Herd. One of her daughters sold in our 1957 sale to Ralph Carmack, Ulrichsville, Ohio. She sells with a red steer calf born April 26, 1958, and sired by Cruggleton Nyren. She has been remated to Ringwell Morning Star.

Above is shown the world renowned Imp. Pittodrie Upright. His daughters have proved excellent brood cows. Much of his blood will be found in this sale.

# *Want Cows With Calves?*

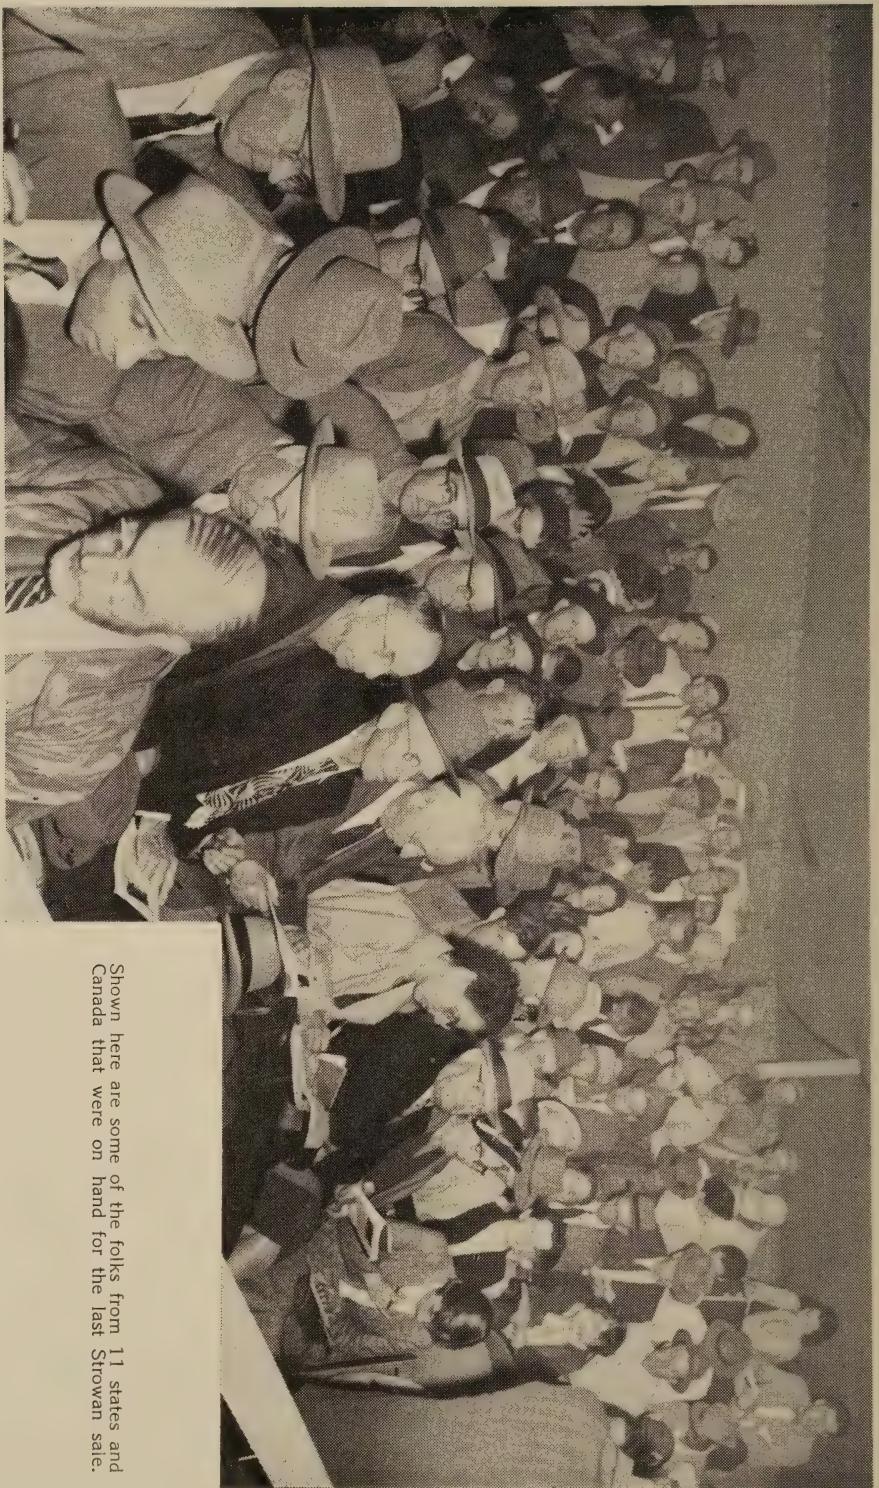

"Where can I find a dozen or fifteen richly bred cows that have calves at foot and are rebred again to one of the top sires of the breed?" It's a question asked by many. Few people can cite you to such sources of supply. This complete dispersion provides one answer to the question. Nineteen cows sell with lusty calves at foot and nearly all are rebred!

Nothing reserved . . . Selling ALL of the cattle  
in one of the strong herds of the breed
